Bill,

The motion and proposed order look fine. We should add the new deadline for SOEA now that the Court granted their motion to extend.

Thanks,
Jong

Hi Bill,

Thank you for preparing the motion. Will you be filing a proposed order with it? Just so I can take a look, would you mind sending that as well?

I can get back to you about Track B.

Regards,

Jong

Hi Jong,

As discussed, attached, please find a draft motion for an extension of the deadline to respond to the complaint to September 22, 2014. With your approval, I will have the motion filed.

In addition, Imperium intends to seek Track B scheduling for this case as set forth in General Order 14-3, which is attached here for your convenience. Please let me know if Samsung will agree to such a schedule. If so, we can file a joint election. If not, please let me know when you are available to meet and confer on the issue.

Thank you, and hope that all remains well with you.

Regards,
Bill
